

24"X36"X24" HANDHOLE

INTRODUCTION

Aether handhole/manhole is designed for underground distribution systems, especially for fiber optical and electricity industries. Manufactured with innovated composite material, making Aether handhole/manhole an ideal solution of strong, light, flexible, time & cost saving comparing to concrete manholes.

ADVANTAGES

- Modular design with knock-down delivery and on-site set up
- Strong but light composite material construction
- Cost saving due to light weight, modular design
- Flexible to drill on wanted size for duct access; Duct entry provided
- Durability and resistance of entire construction up to SCTE-77 Tier
